UO FIP RIA DRAFT 8-22-16 RLSO for OMB - Chap 5 EPA edits accepted plus i....docx.docx

Ali,

We are helping Region 8 with their Oil and Gas FIP regulating existing tribal oil and gas sources in the Uintah Basin. The RIA has been sent through to OMB and bounced back with some edits to the benefits chapter, so we are looking for some help in answering comments and ensuring that the RLSO edits are acceptable. Can you take a look at Chapter 5 (the benefits chapter), accepting changes that are fine and responding to comments where you have a response? I don't think they are too substantial, but I am not a benefits person...hence asking you for help ☺

If you can help, Region 8 would like to send it back to on Thursday afternoon, so if you can get edits/responses back to me by Wednesday COB, I will incorporate your responses into the R8 file on Thursday morning. If you have any questions, feel free to email, call or stop by and I will do my best to answer them ☺

Thanks,

Beth
